

RU ICT Services for students

Introduction for FNWI students

S-number

Each student has a S-number account:

- Login name: s + studentnumber, for example: s0123456
- Central student administration provides a one-time activation password

Is used for almost all RU-wide ICT services, including:

- Studentportal (web interface to central facilities)
- Cirrus (digital exam)
- Brightspace (digital learning environment)
- Osiris (student information system, register for courses and exams)
- Share (mail environment)
- ICTshop

Go to: <https://ictshop.ru.nl/>

- To answer your personal security questions (in case you forget your password later)
- In case you forgot your login name and/or password
- To change your password

Student portal

<https://student.ru.nl/>

Login with your s-number account and password

.Only *after* activating your account

Springboard to all central information services

.Portal automatically logs you in as soon as you click through to other services

Personally, you can modify the design

.Close modules that you do not need

.Drag modules where you want them

.FNWI-specific information can be found on the faculty tab

Do not forget to log out!

Woensdag 25 september: Cursus goed besturen voor studentbestuurders

Mark as Read

Studentportal

Ben jij net toegetreten tot het bestuur van je studentenvereniging of -organisatie? Op woensdagmiddag 25 september organiseert het Nijmeegs Universiteitsfonds weer de jaarlijkse cursus 'Goed besturen voor studentenbestuurders'. De mogelijkheid voor beginnende studentbestuurders om meer inzicht te krijgen in waar je tegen aan kunt lopen, hoe je zaken het beste kunt aanpakken en hoe je er zelf het maximale uit kunt halen. Daarnaast biedt deze cursus je ook de unieke

Exchange – mail environment

Webmail, direct address is <http://mail.ru.nl/>

Default mail address format: *initials.surname@student.ru.nl*

.You can choose the part for the *surname*

Choose one mailbox: you will not miss any posts

.For example: forward your science-mail to your RU-mailbox

Realize when using Gmail or Hotmail/Live that:

.The receiver can not see directly that you are a RU student

.A funny selected address can work against you

Osiris – Registration for courses and exams

- Access through the portal, directly through: <https://sis.ru.nl>
- You are not *automatically* registered for courses
 - .Do this as soon as possible with regard to access to courses in Blackboard
- Registering for a course includes automatic registration for each first opportunity of the course's exam
- Registering for an exam can be done up to 7 days before the date of the exam
- Check your registration, you will always receive a mail notification at your student.ru.nl address
 - .If not, there is something wrong

Osiris – Register (1)
